

Kentucky Firearms Freedom Act Petition

Whereas: The right to keep and bear arms is guaranteed by the second amendment to our United States Constitution and Section One of the Kentucky Constitution, parts one and seven.

Whereas: The ninth and tenth amendments to our United States Constitution limit the interstate commerce clause of our United States Constitution to only goods which cross state lines and not goods remaining within Kentucky.

Whereas: The Kentucky Firearms Freedom Act would prevent federal interference with the sale or regulation of any firearm or ammunition manufactured in Kentucky and sold in Kentucky.

Therefore: I urge you to co-sponsor HB 87 / SB 122, the Kentucky Firearms Freedom Act.
